

BIOGRAPHY

Name	Jayne Charnock (nee Fitzsimmons)
Alumni details (subject of study, year of graduation)	BSc.(Hons) Anatomical Sciences, 2006 PhD (Medicine), 2010
When did you join the Board?	2011
Do you have a specific role on the Board?	n/a
What is your current or most recent job or role?	Post-doctoral Research Associate, Maternal and Fetal Health, University of Manchester
Are there any other biographical details you would like to tell us?	Completed Year in Industry at Boehringer Ingelheim Germany as part of undergraduate degree. Undertook post-doctoral research associate position in The Healing Foundation (UoM) following my PhD, then returned to Maternal and Fetal Health to conduct further research on pregnancy complications including a therapy for fetal growth restriction.
Please tell us why you enjoy giving your time to be on the AAAB.	Having spent 13 years at Manchester, firstly as an undergraduate, then a postgraduate and now as an employee, I feel a strong sense of affiliation with the University, and working with the AAAB allows me a much greater depth of insight into the University as a whole, outside of my role in the Faculty of Medicine. This broader view helps me to appreciate the wider goals of the university and how my day-to-day work fits in with them.
