Are there any other biographical details you would like to tell us?	
Please tell us why you enjoy giving your time to be on the AAAB.	I loved my time at Manchester and am very proud to have been part of such an amazing place. My involvement with the Alumni Association feels like I'm giving something back, supporting the wider Alumni community. I believe passionately that Universities are about ongoing communities and representing the Alumni in London where so many graduates head after their degrees is helping maintain connections which are of professional and personal value. London is a complex city, full of opportunity, and the University Events and activities provide a unique route into different parts of the London world. Continuing the conversations started by Alumni and the University is interesting, rewarding and fun. Pretty much the same as my degree!
